

Appearance Change of the FR-A806 and FR-F806 Inverters and the FR-LU08-01 Inverter Option (IP55 Model)

Thank you for your continued patronage of Mitsubishi Electric drive control products.
For the FR-A806 and FR-F806 inverters and the FR-LU08-01 inverter option (IP55 model), the appearance of the operation panel will be changed.

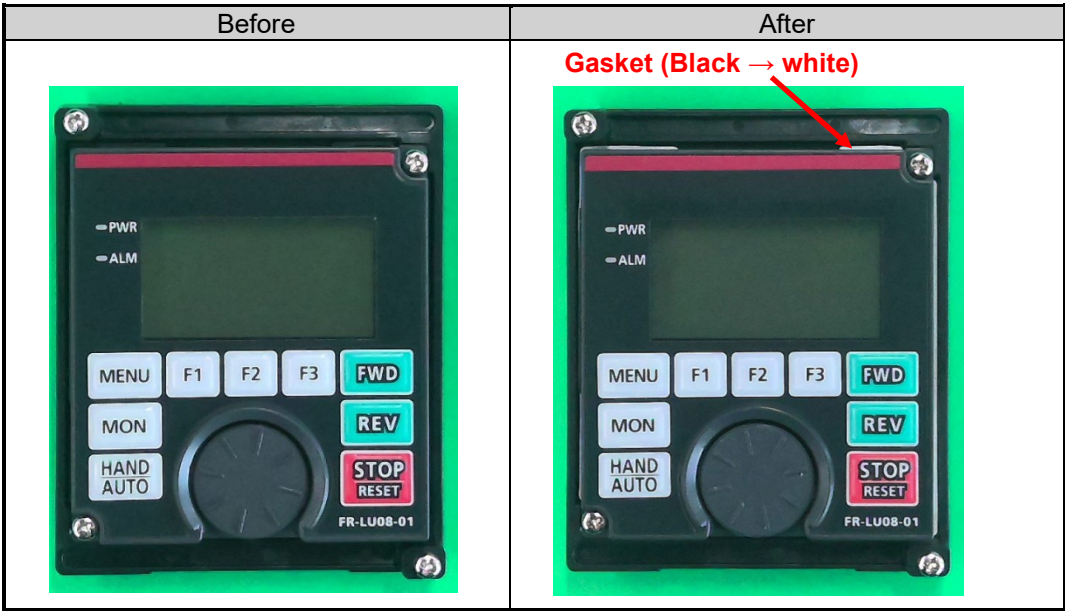

1. Products Affected

FR-A806(-E) (IP55 model)
FR-F806(-E) (IP55 model)
FR-LU08-01 (IP55 model)

2. Details of Change

For the applicable models, the appearance of the operation panel will be partially changed.
When the operation panel is viewed from the front, the gasket between the front and rear cases will be white.
The change does not affect the quality, performance, or specifications of the product.

(Example) FR-LU08-01

3. Date of Change

The change will be sequentially applied to products manufactured in October 2026 or later.
(The schedule may vary depending on the production condition.)

4. Product Identification

The products can be identified visually.
