

Production Discontinuation of MELSEC-L Series Simple Motion Modules

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.

The MELSEC-L series Simple Motion modules have been on market for a long time. However, we will discontinue their production as scheduled below.

Refer to the technical bulletin "Production Discontinuation of the MELSEC-L Series" (FA-A-0466-A) for details of the discontinuation of Mitsubishi Electric programmable controllers, MELSEC-L series.

1. Target Model

Table 1. Models to be discontinued

Product name	Model
MELSEC-L series Simple Motion module	LD77MS2
	LD77MS4
	LD77MS16

* The production of the special models related to the models in Table 1 will also be discontinued.

2. Reasons for Discontinuation

We have difficulty in obtaining some components for the relevant models. Thus, we presume that the production of the models will not be continued smoothly.

3. Production Discontinuation

Transition to made-to-order production: September 2026

Order acceptance: September 2027

Production discontinuation: October 2027

4. Repair Acceptance

Repair acceptance: Through October 2034 (for seven years after the production discontinuation)

5. Replacement Model

Table 2. Replacement model

Model to be discontinued		Replacement model	
Product name	Model	Product name	Model
MELSEC-L series Simple Motion module	LD77MS2, LD77MS4, LD77MS16	MELSEC iQ-R series Simple Motion module	RD77MS2, RD77MS4, RD77MS16
