

## Total Solution in the Process Automation System to Visualize and Optimize Operations in the Industry

**Automating** the World

### **Process Automation Solutions** For Plan-wide Control, Optimization & Productivity

#### Solutions the World Depends On

Water and Wastewater

Power and  
Power Infrastructure

Railway

Airport

Mining, Metals, Minerals

Petro-Chemical  
and Oil & Gas

Building

Facilities

As a Total Solution in the Process Automation System, Mitsubishi Electric has a solution for easier visualization of data from the entire processes and also optimizes operations in the Industry, supported by the ease of control, advanced monitoring, and combined with innovative technology from Mitsubishi Electric products, such as **MELViz IQ PlantSuite**, **Programmable Controllers MELSEC**, **GOT Human Machine Interface**, **Inverters-FREQROL**, and **SCADA GENESIS64** with the result that in energy savings and minimizing operational costs in the Industry.

Mitsubishi Electric can also customize the ideal Process Automation Solutions for your Industry, such as for Water and Wastewater, Power and Power Infrastructure, Railway, Airport, Mining Metals Minerals, Petro-Chemical and Oil & Gas, Building, and Facilities.
